

SOUTH DOWNTOWN

residential commercial parking open space

A

Create more activity south of Water Street - The Ice House has brought new life in Downtown south of the concentration of restaurants along Water and Main Streets. Currently, the Farmers Market anchors what is now a large surface parking lot. The recent parking study indicates the Water Street parking deck should be redeveloped given its age and condition. Redevelop the deck as a new mixed-use structure with housing wrapping a new parking deck. Activate Water Street and Blacks Run with new space for commercial uses. Step the new

building back from Blacks Run as well to create a linear park along the creek to help connect this area south toward the Farmers Market and the proposed park. **Integrate new housing close to City Hall to activate the south side of the Farmers Market,** encouraging green building solutions, such as solar energy and recycled or sustainable materials. Coordinate with nearby private property owners about the possibility of creating new parking just to the west of Liberty Street intended to serve a range of developments and businesses.

New Parking:

1,040 spaces
